

# Josh Gardner

## Full Stack Web Developer

949-357-8889 | [jwgardner22@gmail.com](mailto:jwgardner22@gmail.com) | [linkedin.com/in/joshua-gardner](https://www.linkedin.com/in/joshua-gardner) | [jgard2019.github.io](https://jgard2019.github.io)

A driven and aspiring software developer with strong communication skills. Dedicated to making effective, robust and professional code. A varied skill set that includes coding, debugging, testing and web design. Effective in collaborating with a team ranging from technical experts to those with limited industry experience. Looking to further my career in software development at a company that values collaboration, and professional growth. Graduated from Coding Bootcamp in December 2021.

## PROJECTS - 2021

### Virtual Pet Shelter

Designed console application that lets users create and interact with their own virtual pets. Java, Git, Github, GitBash, TDD, OOP

### City-Review Site

Designed and developed a website that hosts City-Reviews. Allows users to browse reviews by region or hashtags, and also allows users to add their own reviews, comments or hashtags accordingly. A full-stack MVC website built with HTML/CSS, Java, Spring, JPA, hibernate, H2 database backend.

### Donut-Maker

A simple in-browser game that's inspired by an old "Cookie-Clicker" game. Players click on buttons to make donuts and buy upgrades and multipliers for their donut-making. Built with HTML/CSS/JavaScript

### Album-Review Site

Single-page-application website that displays music albums with great detail, allows users to add their own albums, songs, ratings and comments.. Full-stack MVC site built with HTML/CSS/JavaScript with RESTful API and Java/Spring, JPA, hibernate, H2 database Backend.

### DND-Character Creator

Created a website that will instantly generate a random DND character. Fully customizable and easy to use interface. Utilizes a free third-part DND API. Full stack website built with HTML/CSS/JavaScript, thymeleaf Java/Spring, JPA, Hibernate, H2 Database backend.

## SKILLS

Java, Spring, JPA, Hibernate, Object Oriented Programming (OOP), MVC, TDD, Relational Databases, MS SQL

HTML, CSS, Grid, Flexbox, Responsive Design / Mobile

JavaScript, JSON, Restful APIs

Source Control, GitHub, Git Bash, Visual Studio, IntelliJ Idea

## EDUCATION

**We Can Code IT** — Coding Bootcamp, Certificate of Software Development  
2021

### Cascadia Community College

2019

Completed Intro to Code(Java) and Intro to Web Design Classes
